This is a story about a girl called Kerin. She went to Birdie Bay school. One day her class went on a field trip to see the caves when she went into the cave. She got distracted and lost her class. She was scared as she did not like the dark. But Kerin remembered that her mum had put a flashlight in her backpack so she stopped and took the flashlight out and when she put it on she scared the bats. The bats started to fly all around her but one got stuck in her hair. Kerin got really scared and was screaming her arms were waving all over the place and just before the bat got loose it bit Kerin's head. Miss Blue heard Kerin cry and found her on the ground. She ran over and scooped her up. Miss Blue took Kerin and the rest of the children to the school bus and went back to school. Miss Blue called Kerin's mum and told her what had happened and Kerin's mum took her to see the doctor. The doctor told Kerin's mum that she would be OK with some medicine and to rest. Kerin went to bed that night and fell out of bed but she did not hit the floor. She realised she could fly after the shock she used her flying powers for good.
