16.08.21

Dear Parents

We are looking forward to welcoming the children back to school tomorrow and also welcome some children for the first time. I am sure you are aware that many Covid restrictions have been removed in most day to day activities, however this does not apply to school. **We return to school with all of the same restrictions as we had last session.** We have detailed these below:

Measures in place will continue to include:

- High standards of hygiene, including regular handwashing and sanitising throughout the school day
- 2m social distancing between adults and between primary children and adults
- Keep left system for moving around the school
- All adults will wear a face mask (unless exempt) if they cannot maintain 2m social distancing in the school playground
- All parents should wear a face covering when on school grounds (unless exempt) and follow 2m social distancing guidance
- Social distancing between classes in the dining hall
- Parents to wear face coverings in and around the school playground and to maintain 2m social distancing from each other
- Only parents of Nursery and P1, P2 and P3 are permitted to access the school playground – ideally only one adult should be in the playground for each ch

Due to covid restrictions we will continue to have staggered start, break and finishing times next session. We will also continue with a 45 minute lunch break which allows us to ensure that the children do not mix 'bubbles' at lunch and break times. Below are the details of the school day from August.
